

THE ROTAC® SCOOP

BY MICROMATIC

- **LIFTS 800 LBS AT 3000 PSI** *Industry leading 27,000 in/lbs torque at 3000 psi*
- **SLIM PROFILE DESIGN**
Tipper tucks away to accommodate kick-bar setups for dual commercial & residential routes
- **CART ENGAGEMENT**
Scoping motion of cart tipper ensures consistent cart engagement on un-even terrain
- **CART COMPATIBILITY**
Designed for carts with US 2-Bar; ANSI Z245.60-2008, Type B Domestic Carts
- **MOUNTING VERSATILITY**
Allows for a range of mounting heights from 38-41" to accommodate a variety of truck chassis heights
- **BUILT FOR DURABILITY**
Scoop design features Heavy Duty Steel Construction, Durable Powder Coat Finish and External Up/Down Stops
- **LOW MAINTENANCE DESIGN**
Self-lubricating nickel-plated pivots inside bronze bushings with external grease points help to extend life
- **ROTARY VANE ACTUATOR**
Forged alloy shaft with durable 2" spline and cast-iron housing offer maximum lifting torque
- **MADE IN THE USA**
Manufactured, assembled and tested in BERNE, INDIANA
